Handles the Most Difficult Doughs Gently!

BLOEMHOF INC. offers you dough friendly moulders with the patented spring loaded roller system and fully adjustable side guides.

The **EXPRESS 1260SS** has two sets of oversized rollers for positive feeding and extra gentle sheeting. Longer pressure plates are designed to give the dough time to form to the correct length.

These moulders handle the most difficult doughs with up to 15% protein flour as well as traditional artisan breads. The resulting products have superior oven jump and a seamless finish.

GENTLE • LABOUR SAVING • FAST
